

Personal Information

Name: Wen Chen **Phone:** +86 13687307861
Date of Birth: Sept. 1989 **Email:** chenwen@biochen.org
Website: <https://www.biochen.org> **GitHub:** <https://github.com/wen-chen>
ResearchGate: <https://www.researchgate.net/profile/Wen-Chen-27>

Professional Appointment

July. 2022 — present **Lecturer** (equivalent to Research Faculty with teaching duties in the U.S. system)
Medical School, Hunan University of Chinese Medicine, Changsha, China

Research Experience

My research focuses on using computational approaches to decipher the function of long non-coding RNAs in genetically influenced diseases, such as cardiovascular disease. In my previous work, by analyzing public RNA-Seq data, I did a comprehensive analysis and function annotation of zebrafish lncRNAs. My most recent work is "GCEN: an easy-to-use toolkit for Gene Co-Expression Network analysis and lncRNAs annotation". I am familiar with the sequencing data analysis, software and database development, machine learning, and so on.

Education

Sept. 2014 — June. 2022 **Ph.D. in Biochemistry and Molecular Biology**
School of Life Sciences, Hunan Normal University, Changsha, China
Advisor: Prof. Shuanglin Xiang
Thesis: Comprehensive analysis of zebrafish lncRNAs uncovers its roles in development

Feb. 2015 — Oct. 2018 **Joint Student in Bioinformatics**
Xishuangbanna Tropical Botanical Garden, Chinese Academy of Sciences, Kunming, China
Supervisor: Prof. Changning Liu

Sept. 2007 — June. 2011 **B.S. in Biology Science**
School of Life Sciences, Hunan Normal University, Changsha, China

Industrial Experience

Apr. 2011 — Mar. 2012 **Laboratory Technician**
BGI-Wuhan, Wuhan, China

Grant Support

02. Investigating the Role and Mechanisms of lncRNAs in Atherosclerosis Using Zebrafish as a Model Organism.
Hunan Provincial Natural Science Foundation of China; 2023JJ40472; 2023.01 — 2025.12.
01. The roles and mechanisms of ultra-conserved lncRNAs in zebrafish vascular development. Research Foundation of Education Bureau of Hunan Province, China; 22B0371; 2023.01 — 2025.12.
